Very clean place! He's going back! July 10, 2020 - MenuPix User 04/08/2017 - denny recently caught fish fry on Friday night - now that we're going to Sam's club - they have a box of fish, which you can buy there are these square fish fillets that you put in the oven and fry - if I wanted them, I would stay at home and eat them - that's exactly what I got spat's 2 reviews with an average rating of 4.0 stars is consolidated here. Consolidated reviews are included in the 3.5-star average rating calculation based on 5 overall reviews. I've been coming here for years. It's concord twp's local staple. It has expanded over the years to expand its dining area, but it is still a local bar serving food. The atmosphere is a bar with stalls... bar area and extended range tables. It hasn't been renovated in years, so if you're looking for a special place, this isn't it. It's not bad, I'm just trying to help you understand what to expect as it's just a bar setting. The food is good. It's not great, but it's good. They often have specialties that some people love, but I wouldn't go out of my way to take advantage of them because the quality is good but nothing to write home about. One thing that is really good is their french fries, which are fresh - really fresh, greasy and delicious. We come here so often when we don't know where else to go because we tend to forget about them, so it should tell you what you need to know. More Open 2.80 miles hours claim This is your business?
